TRANSPORT & LOGISTICS SERVICES

About us

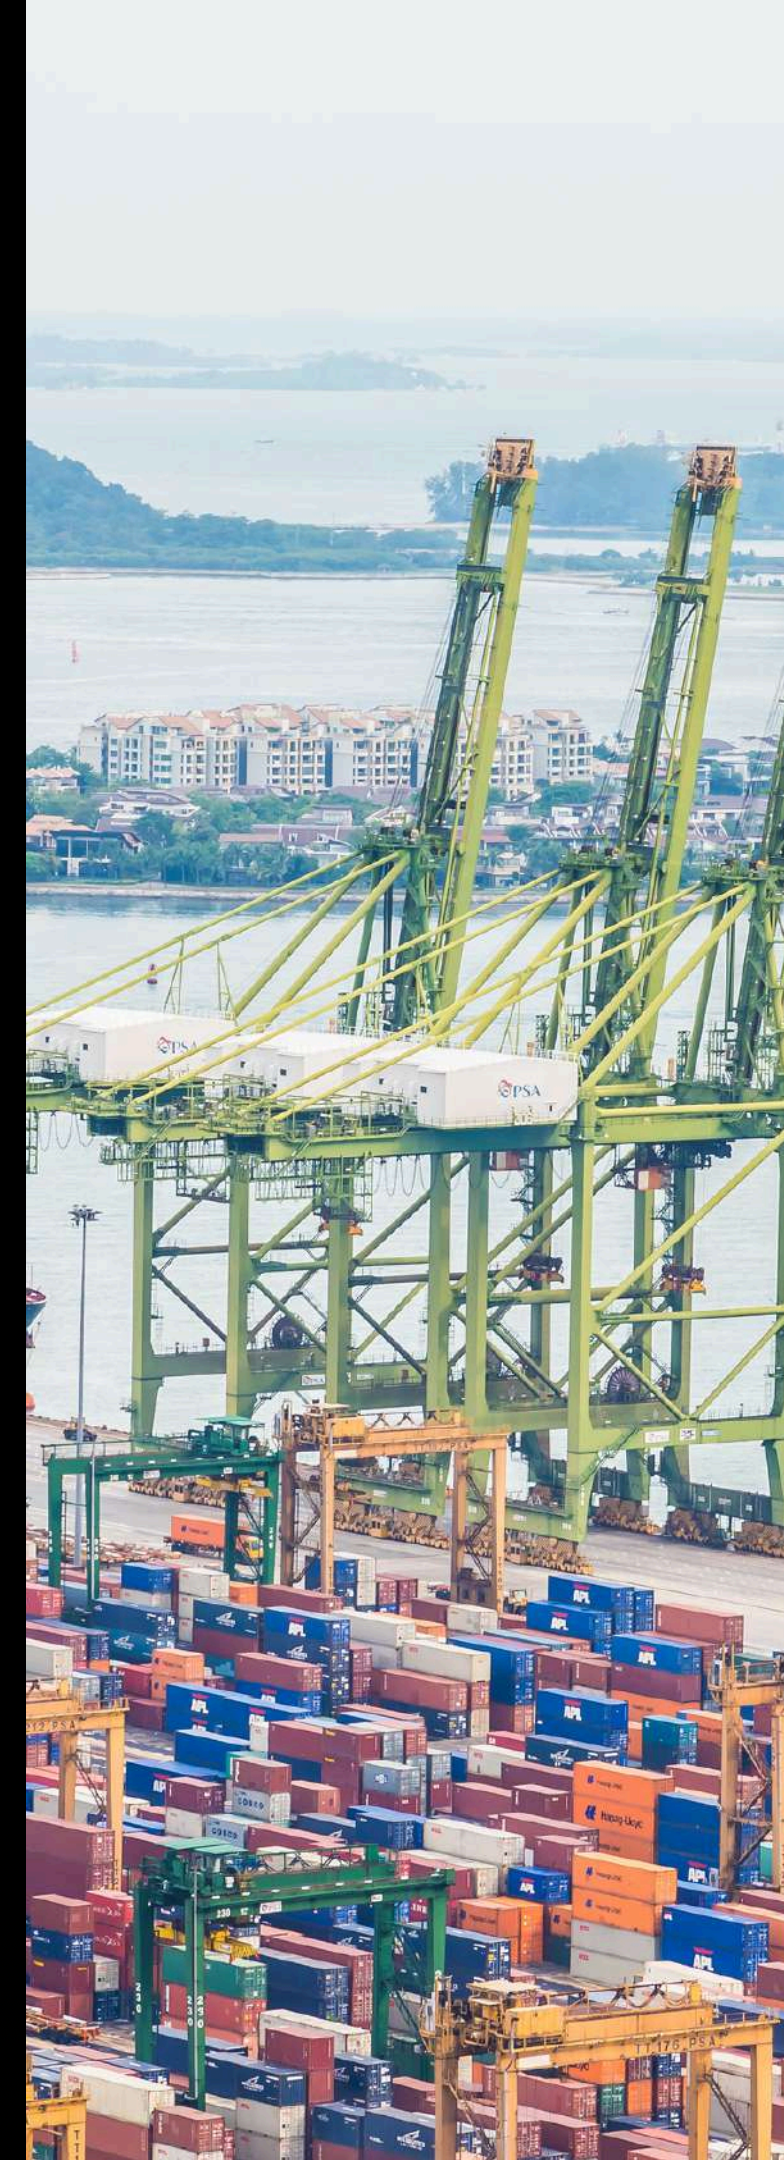

Company Introduction

Dealex Transport & Logistics Services (DTLS) is a premier road transportation and logistics company operating across Pakistan, with international affiliations including partners in Denmark. We specialize in road-based freight solutions, primarily utilizing a fleet of modern, containerized and refrigerated vehicles of various sizes to ensure reliable and efficient cargo movement.

Since our inception, DTLS has steadily expanded its service portfolio, capabilities, and geographic reach. Today, we continue to evolve—strengthening our brand identity, streamlining our operations, and introducing innovative service offerings to better meet the dynamic needs of our clients.

With a nationwide presence, we provide a comprehensive range of road transport solutions tailored to a variety of industries. Our commitment to excellence is reflected in our skilled workforce, advanced fleet management systems, and dedication to safety, punctuality, and environmental responsibility.

Whether you're moving temperature-sensitive goods, bulk freight, or general cargo, Dealex ensures your shipment arrives safely, on time, and cost-effectively.

Our Vision

To be Pakistan's leading road transportation and logistics provider, delivering safe, reliable, and efficient solutions that are environmentally responsible and create lasting value for all stakeholders.

Our Mission

To deliver excellence in road transportation and logistics solutions at competitive costs, helping our valued customers achieve their business goals through reliable, timely, and customer-focused services.

Why Choose Us

At Dealex Transport & Logistics Services (DTLS), we go the extra mile to ensure your cargo reaches its destination safely, on time, and cost-effectively. Here's why clients across Pakistan trust us:

1: Specialized Fleet

We operate a modern fleet of containerized and refrigerated vehicles, suitable for a wide range of cargo types – including perishable and temperature-sensitive goods.

2: Nationwide Coverage

With an extensive road network and strategic hubs across Pakistan, we provide reliable transport services to even the most remote locations.

3: On-Time, Every Time

Our proven track record of timely deliveries ensures that your supply chain remains uninterrupted.

Why Choose Us

4: Advanced Tracking Systems

We use state-of-the-art GPS and fleet management technology, so you can monitor your shipment in real-time for full transparency and peace of mind.

5: Cost-Effective Solutions

We tailor our services to meet your specific needs while offering competitive rates—helping you reduce logistics costs without compromising on quality.

6: Safety & Compliance

We follow strict safety protocols and regulatory compliance, ensuring the protection of your cargo and peace of mind for your business.

7: Experienced Team

Our professional drivers and logistics experts are trained to handle a wide variety of transportation challenges with efficiency and care.

8: Eco-Friendly Operations

We are committed to reducing our environmental impact through fuel-efficient vehicles and sustainable logistics practices.

We are providing our Services to below Clients.

Dealex Own Terminal (DOT) Reefer & Cold Chain HUB

Dealex Own Terminal (DOT) is a purpose-built Reefer & Cold Chain logistics hub designed to handle, store, monitor, and service temperature-controlled containers with the highest standards of efficiency, safety, and reliability. Developed to meet the growing needs of perishable cargo movement, DOT ensures end-to-end cold chain integrity from container arrival to final dispatch.

Reefer Container Stacking & Storage
Secure and organized stacking solutions supported by efficient yard planning for both short-term and long-term storage requirements.

Reefer Plug-in & Power Supply Facilities
High-capacity plug-in points providing uninterrupted power supply to maintain precise temperature control at all times.

24/7 Reefer Monitoring
Round-the-clock monitoring of temperature, humidity, and container performance by trained and certified reefer technicians.

Pre-Trip Inspection (PTI)
Comprehensive PTI services to ensure reefer containers are fully compliant and ready for loading and onward transit.

Technical Support & Repairs
On-site reefer mechanics equipped to handle troubleshooting, preventive maintenance, and both minor and major repairs.

Cold Chain Integrity Management
Strict operational protocols and monitoring systems designed to protect cargo quality throughout the storage and handling process.

KEY FEATURES

- Strategically located with quick access to major ports and logistics corridors
- Large-scale reefer stacking capacity with modern yard layout
- Dedicated reefer monitoring room equipped with digital control systems
- Backup power generation ensuring uninterrupted operations
- Secured facility with CCTV surveillance and controlled access points
- Skilled operational team and certified reefer technicians
- Infrastructure designed for high-efficiency reefer turnaround and reduced dwell time
- Target Customers
- Shipping lines
- Freight forwarders
- Cold chain logistics providers
- Perishable cargo exporters and importers
- Retail, food, and distribution companies
